FRUIT DEPARTMENT

Great care has been taken in the selection of our list of fruits, and we heartily recommend the varieties given as being well adapted to this section and soil conditions. Every home grounds should have some fruits, and we call special attention to our **Dwarf Apples and Pears** as being suitable for the smallest city lot, and the fact that the fruit can be picked so early after planting.

We grow many other varieties not here given, and shall be pleased to quote special prices on large quantities.
